

## HOME OWNERS INSURANCE FOR DOG OWNERS

***If you have a dog you can get homeowners insurance***

Panic policy-making has caused some insurance companies to refuse coverage to dog owners. However, only about 3% of total homeowner insurance payouts are the result of liability claims. Liability claims include bodily injury, related property damage, forgery, dog bites, and fraudulent credit card use.

When selecting a homeowners insurance policy, we recommend choosing a company that does not discriminate against dog owners.

### THESE NATIONAL INSURANCE COMPANIES DO NOT HAVE COMPANY-WIDE BREED DISCRIMINATORY POLICIES

We encourage consumers seeking non-discriminatory insurance options to contact one or more of the above companies, as policies vary from state to state and even agent to agent.

You can get canine liability insurance if your homeowner's insurance refuses to cover your dog. The following companies offer canine liability coverage based on weight:

**Einhorn Insurance** (offers homeowners insurance for CA residents) [einhorninsurance.com](http://einhorninsurance.com)

**Lester Kalmanson Insurance** [lkalmanson.com](http://lkalmanson.com)

**Dean Insurance** [dogbitequote.com](http://dogbitequote.com)
